Occupational Health, Safety and Environment

Integrated, Role Based OHSE

Key benefits include:

- An OHSE solution which is running on the same platform as your ERP - 100% integrated with your backbone.
- One central version of the truth.
- Enablement and creation of an OHSE focused culture.
- Easy to identify, register, manage and track all incidents throughout a centralized or decentralized organization.
- Standardized OHSE management and reporting.
- Effective use of corporate resources.
- Regulatory compliance
- Improved stakeholder visibility

Integrated OHSE is a must for any leading Asset Management player.

Purple Window EAM OHSE is everything you need to be ahead of the main stream.
